PAULINE STORIES

We were so fortunate to have Pauline watch Adam when he was an infant. He was introduced to violin lessons at Berniece Holtgren's at a very early age, and was well known as "Pauline's baby", as a new 79 year old mother.

Adam was so well cared for, and Pauline made sure I knew what his day was like when I would pick him up. I learned to take a seat and listen carefully as she described his new accomplishments and experiences.

Pickups routinely lasted at least 15 minutes, and longer if it had been a particularly busy day. His routine was very social, and we were so disappointed when Pauline was unable to care for our second son as well, but she had a bad shoulder and was unable to lift him.

She was only 81, for crying out loud!

Adam still has a special place in his heart for Pauline.
